

Pole Weaving

Key:

Start & Finish Line

Upright Pole X

Weave

A horse may start either to the right or to the left of the first pole and then run the remainder of the pattern accordingly. These instructions are written for a horse starting to the right of the first pole. At the signal from the starter, the athlete will:

1. Start to the right of the first pole.
2. Weave the poles, passing them alternately left to right until reaching the last pole.
3. Turn the last pole to the right.
4. Weave the poles, passing alternately right then left until reaching the first pole and cross the finish line.
